

CHF CANADA PRESENTS:

WHOSE JOB IS IT ANYWAY?

Learn all about your roles (as a member or a board member) and stay in your lane. How do members of housing co-ops understand who does what, why and when? Even in co-ops where people can wear many hats, it is possible for roles to be clear and understood. Knowing your role will help minimize conflict and confusion in your co-op.

This workshop will provide a clear description of the different roles, who does them and why. Learn what can happen when these roles are confused and how to avoid this.
