

Open Forum Discussion: *Reconnecting and Moving Forward Together*

Date: November 9, 2024

Time: 10:00 AM – 12:00 PM

Facilitator: Darlene Germin

Join us for the first in-person networking gathering of NACHA members since the COVID-19 pandemic! This open forum is a unique opportunity to reconnect, reflect, and plan for the future together.

Session Overview:

The past few years have brought both challenges and successes. This workshop offers a "health check" for our co-op community, inviting members to share their highs and lows, brainstorm solutions, and network with peers. Whether it's addressing shared concerns, celebrating achievements, or identifying new ways to collaborate, this session aims to strengthen our collective resilience and inspire positive action.

Participants will also have the opportunity to:

- Exchange ideas and best practices with other co-ops.
- Identify common challenges and explore creative solutions together.
- Let the federation know what supports and resources are most needed to better serve members in the future.

Why Attend?

- **Collaborate and network:** Build stronger connections across the co-op community.
- **Shape future supports:** Share your voice to help the federation better meet your needs.
- **Inspire action:** Hear fresh ideas and explore new paths forward for your co-op.

Whether you are a long-standing member or new to the co-op world, your insights and experiences are valuable to our federation's collective success. Let's use this opportunity to reconnect, reimagine, and move forward together!

We look forward to seeing you there!
